Wireless Printing Instructions – Windows XP

1. Click the following link to download the LPT:One Print Client:

http://192.168.16.150:30044/clientlauncher

- 2. Click the link for Windows computers
- 3. A Security Warning will pop up with options to Run, Save, or Cancel:

- 4. Click Run to start the download of the Print Client.
- 5. Once the download is complete, you will be prompted with another Security Warning:

- 9. Click the Print or OK button to send the job to the printer.
- 10. You will see the following box:

- 11. Type "Guest" (without the quotations) in the User ID field and click OK.
- 12. You will then see a box that shows the cost of your job. Click OK.

Print this j	job?			
-	×	Total Pages: Price Per Page:	4 \$0.10	OK Cancel
		Total Cost:	\$0.40	
	Envisior	iWare® LPT:One™ Prir	nt Cost Manag	ement

13. Next you will see a box that shows your job has been sent to the printer.

NOTE: To ensure you print the correct job when you arrive at the print release station, **<u>BE SURE TO WRITE</u> DOWN YOUR PRINT JOB NUMBER!!!**

14. Click OK.

15. When you are finished printing for the day, click on the LPT:One icon in the task bar. It will pop up in the middle of your screen:

16. Click the Stop Print Client button and the window will close and the printers will uninstall.
